

## ECO ANTI-VANDAL CABINS

### Description

Centurion Accommodation & Modular provides an ideal solution for any onshore accommodation provision.

These secure units have a variety of different uses – the 10ft cabins can be used as security huts or smaller offices with the 20ft cabins offering greater flexibility with regards to secure office accommodation.

With the 20ft cabin having a door front and back, this provides the opportunity to use it as a 'Person on Board' Control Cabin at the quayside, reception area for any work/industrial site or even as walk-thru security area for outdoor functions and events. The added ECO feature of the solar panel allows the lights and inverter socket to function independently.

### 10ft Units Features

- Window on 3 sides, with door on other
- 1x 2k/w convactor heater
- 2x double sockets plus 1x double inverter sockets with USB
- 1x LED strip light
- 1x 32a external plug inlet (can be powered from our welfare unit if on same location)
- Solar panel - which can power the LEDs and inverter sockets.

### 20ft Units Features

- 2x external doors (one on each long elevation)
- 2x double glazed windows
- 1x partition (optional)
- 2x 2k/w convactor heater
- 2x double sockets, 1x double inverter with USB
- 2x LED strip lights
- 1x 32a external plug inlet (can be powered from our welfare unit if on same location)
- Solar panel - which can power the LEDs and inverter sockets.
